2. Conduct cleaning and adjustment or calibration of all units' motors, controls, safety devices, and other parts using appropriate materials supplied by the contractor.
3. Conduct lubrication – greasing and oiling – of all units' bearings, rollers and moving mechanical components, joints and accessories with contractor's supplied grease and lubrication oil.
4. Conduct trouble shooting and minor repair of said equipment and their controls, safety devices and accessories. Contractor must have service items such as printed circuit boards and other control accessories for easy/fast trouble shooting and as temporary replacement of defective parts to ensure proper and continuous operation of equipment especially during big local/international events at the PICC. Said service item/s will be pulled-out by the Contractor when the new

replacement part/s is then procured by PICC for installation by the Preventive Maintenance Contractor.

5. Change oil of the equipment if necessary.
6. Supply materials such as rags for cleaning, grease, lubrication oil, service light bulbs and other miscellaneous materials necessary for proper service maintenance.
7. Submit evaluation/status report and recommendation signed by the Service Manager and/ or Service Supervisor, as well as field service report signed by servicing personnel.

ANNUAL BASIS:

Change gear oil on an annual or semi-annual basis or as the need arises using gear oil supplied by the Contractor.

B. CONDITIONS:

1. The Contractor shall perform the above-mentioned detailed maintenance services on eighteen (18) units Mitsubishi Escalators, two (2) units Mitsubishi passenger and one (1) unit service/freight elevators serving Delegation Building and one (1) unit service/freight elevator serving Main Kitchen and Secretariat Building as described above on monthly basis (once a month preventive service) for a period of one (1) year.
2. The Contractor shall closely coordinate with the Mechanical Services Division/Project-in-Charge or his representative any maintenance activities to be undertaken.
3. The Contractor shall undertake regular maintenance service during the regular working hours within regular working days in accordance with government existing regulations. Any overtime service necessary to maintain quality maintenance service shall be for the account of the contractor.
4. The Contractor shall provide the following minor materials and parts necessary for the operation and maintenance activities:

- 5. The Contractor shall also provide miscellaneous materials such as rags for cleaning, grease, lubrication oil, service light bulbs and other miscellaneous materials necessary for proper maintenance.
- 6. If the required major materials and parts are not available on stock, the Contractor shall submit a price quotation to PICC for approval and procurement.
- 7. The Contractor shall provide emergency service (check-up and trouble-shooting) on on-call basis within 24 hours after receipt of call free of charge.
- 8. The Contractor upon the request of the PICC or its authorized Technical/Mechanical services representative, shall provide stand-by service personnel for fast and immediate troubleshooting/restoration of escalator and elevator minor defect/s to ensure safe, proper and continuous operation of said equipment during big local and/or international events.

The rate of the stand-by technician and/or repair serviceman shall be based from Contractor's manpower costing rate per technician per hour as part of the contract.
- 9. The Contractor shall provide PICC a detailed report of each inspection and or check-up of each unit listed above. The report shall include voltage and current log readings taken during inspection, condition of equipment, and recommendation on proper operation and maintenance and repair work.
- 10. The Contractor, upon request and proper authorization of PICC, shall provide additional services not included in the above scope of works. The services rendered shall be billed separately by the former to the latter.
- 11. The Contractor, within the first 30 days of implementation of this Contract, shall conduct inspection of the equipment, together with the Asst. Director of Mechanical Services Division or his authorized representative, to determine components and auxiliaries for repair and replacement, and submit recommendation for action of PICC.
- 12. The Contractor shall submit detailed preventive maintenance program to PICC' Mechanical Services Division for the Mitsubishi elevators and escalators on the
